Chapter 1 General Provisions

Article 1 (Purpose) These regulations set forth matters concerning the creation of a technology-based, technology-intensive business in connection with the duties and research activities of the members of Pohang University of Science and Technology (hereinafter referred to as “University”).

Article 2 (Basic Principles) ① Matters concerning business creation by University employees shall be determined by the President of the University following deliberations by the Academia-Industry Collaboration Foundation Steering Committee.
② A University employee involved in a business creation activity must present a financial contribution plan to the University.
③ The creation of two or more startup businesses by a University employee shall require the approval of the President of the University.
④ If a student engages in the activity of creating a venture business, he/she must do so within the range allowed by the relevant laws and applicable rules and regulations.

Article 3 (Definitions) The terms used in these regulations shall be defined as follows:
1. A “University employee” shall refer to any and all tenure-track/tenured faculty members, regular full-time staff members, non-tenure-track faculty members, and researchers employed by the University. (Amended December 1, 2011) (Amended May 4, 2016)
2. A “Student” shall refer to a student who is in an undergraduate or a graduate (master’s and doctor’s) program. (Established May 4, 2016)
3. A “Business creation by University employees” shall refer to the establishment of small and medium or venture businesses by a University employee utilizing technology that the University possesses (including technology and know-how developed during his/her service or by other people) during in service or on a leave of absence. At this point, “Establishment” shall include the appointment as CEO or other executive positions (except non-executive director, non-full-time registered directors and auditors) of a start-up company, and/or possessing at least 50% of a third party established small and medium or venture enterprises’ stock including shareholder voting rights. (Amended May 9, 2008) (Amended May 4, 2016)
4. A “Business creation by students” shall refer to the establishment of small and medium or venture businesses by a student during his/her enrollment or on a leave of absence. (Amended May 4, 2016)
5. A “leave of absence for business creation” shall refer to a leave of absence taken for the purpose of business creation.
6. “University investment” shall refer to the facilities, manpower, equipment, intellectual property, and others of the University to be provided for the creation and operation of a business.

7. “Small and medium enterprises” shall refer to small and medium enterprises in accordance with Article 2 of The Framework Act on Small and Medium Enterprises (Established May 4, 2016)

8. “Venture business” shall refer to venture business in accordance with Article 2 of The Act on Special Measures for the Promotion of Venture Businesses. (Established May 4, 2016)

Article 4 (Eligibility and Period of Business Creation) ① The following persons may create a business under these regulations: (Amended December 1, 2011)
1. Tenure-track/tenured faculty and regular full-time staff who have been in service for a minimum of three years.
2. Non-tenure-track faculty members and researchers who have been in service for a minimum of six months.
3. Notwithstanding Items 1 and 2, if the business creation is deemed to be a huge contribution to the University, it may be acknowledged as such with the approval of the President of University. (Established May 4, 2016)
4. Undergraduate and graduate students enrolled in the University.

② The period of business creation and the period of leave of absence for business creation shall be as follows: (Amended December 1, 2011)
1. Tenure-track/tenured faculty and regular full-time staff: The total period of business creation shall not exceed four years combining three years leave of absence and one year of dual appointment. If deemed especially necessary, however, the business creation period may be extended for a maximum of three years at a time by obtaining the consent of the Vice President of an employee’s office or the head of an employee’s academic department and approval of the President of the University following deliberations by the Research and Business Development Foundation Steering Committee.
2. Non-tenure-track faculty and researchers: One year of dual appointment shall be allowed. If the faculty member or researcher wishes to extend the dual appointment upon an extension of his/her employment contract, however, an extension of the dual appointment may be granted by the approval of the President of the University followed by the approval of the Vice President of a faculty’s or a researcher’s office or the head of a faculty’s or a researcher’s academic department, and the deliberation of the Research and Business Development Foundation Steering Committee. (Amended May 4, 2016)
3. Students: A leave of absence for business creation shall be allowed for a period determined by the University.

Chapter 2 Procedure for Business Creation

Article 5 (Submission of Written Application) ① A University employee wishing to create a business must submit to the relevant department a written application and a plan specifying the following matters:
1. Overview of business creation such as the technological basis of the business and domestic and overseas trends, etc.
2. Details of the University investment requested after the business creation.
3. Details of the actions to be taken for the expected position vacancy in the employee’s department as a result of the business creation.
4. Other details deemed helpful to the review.

② (Deleted May 9, 2008)

Article 6 (Review and Approval) ① A University employee who has been granted approval for business creation (hereinafter referred to as “employee creating a business”) shall have the technology owned by the University transferred to his/her company within one month of the business creation; the approval that was granted may be canceled if the technology is not transferred. (Established May 9, 2008)
② The written application submitted by a University employee must be approved by the President of the University following a review by the department head of the employee and the relevant committee.
③ The department head may attach the result of his/her review in Clause 2; if there is an unusual issue to be noted, the relevant committee must hear the opinions of the department head and the University employee wishing to create a business.
④ The relevant committee must provide the result of its review of the raised issue directly to the University employee in question, and its details must be recorded and kept.

Article 7 (Donation of Stocks of Venture Company) (Deleted July 1, 2015)

Article 8 (Signing of Agreement) A University employee wishing to create a business must sign an agreement with the University within 15 days from the date of approval of the business creation; the agreement must include provisions on each of the following matters:
1. Technology based on which the business is created.
2. Details of the University investment requested in connection with the creation and operation of the business (e.g., facilities, manpower, technology, financial support, etc.)
3. Plans on how to return a certain portion of the business value to the University (e.g. stock options for a certain portion of value added, royalty payment, etc).
4. Other necessary matters required for business creation including the position vacancy in the employee’s department.

Article 9 (Establishment of Business) An employee creating a business must establish a business within one year of signing an agreement with the University.

Article 10 (Dual Appointment/Leave of Absence/Remuneration/Commissioned Research) ① An employee creating a business must apply for dual appointment for a period of a maximum of one year or a leave of absence for a period of a maximum of three years within 15 days of signing an agreement with the University.
② Remuneration may be provided to a University employee holding a dual appointment for business creation. If the participation rate exceeds 10 percent, however, the President of the University shall decide on the remuneration based on the recommendation of the department head of the employee’s department and deliberations of the Faculty Personnel Committee. (Amended May 9, 2008)
③ An employee creating a business may perform commissioned research with the approval of the agency that commissioned the project.
